Convenience:

- composite boards requires no impregnation and are maintenance free
- easy to clean
- no painting required - a beautiful and durable colour is already applied to the purchased product
- the boards are smooth and pleasant to the touch, splinter free, without irregularities and chips

Durability:

- Hartika composite boards come with a 25 year guarantee against decay and rot
- optimal surface hardness, resistant to mechanical impacts
- Hartika terrace decking is many times as durable as traditional timber

Design:

- freedom to design terraces, fencing or balconies in any way with Hartika composite boards
- natural colours - 5 stylish shades available
- elegant brushed wood texture
- an original system of profiles facilitates various arrangements

Eco-friendly:

- Hartika environmentally friendly biocomposite contains 50% carefully selected wood dust
- may be recycled
- as a producer, Hartika implements the principles of circular economy

Hartika board – made to cater for your needs

Are you looking for a reliable material for those finishing touches in your home and garden? Our composite boards will remain beautiful for years - no impregnation, painting or complicated maintenance required.
